

OXFORD DOWN EAR MARKING

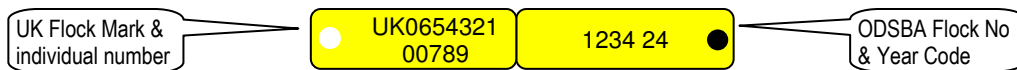

As well as the official UK/IE identification, include the following information in the ears:

- a) Oxford Down Flock Number
- b) Year Code

The Year Code is optional but recommended and uses the last two digits of the year i.e. 2024 = 24. December-born lambs take the Year Code for the next year i.e. December 2023 = 24.

- Include the Oxford Down information on at least one UK/IE tag or on a third tag.
- Tags must be printed or stamped, not hand-written.
- Ear marking stated on forms must match what is physically in the ear.

Example

Suggested Tags

Supplier	Tag	Minimum qty	Tag layout
Shearwell	SET EID & visual loop	10 pairs	
	SET EID loop & PAT aluminium visual loop*	10 pairs	SET PAT
